

ROHAN SHARMA

Frontend Developer | React.js | JavaScript | HTML5 | CSS3 | Responsive UI

Ahmedabad, Gujarat, India +91-98XXXXXXX rohan.sharma@email.com linkedin.com/in/rohansharma

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building responsive, user-friendly, and production-ready web applications using React.js, JavaScript, HTML5, and CSS3. Strong experience developing reusable components, integrating REST APIs, handling application state, creating responsive layouts, and optimizing frontend performance. Comfortable working with Git/GitHub, browser debugging, API testing, and modern UI development practices.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, JSX, DOM
React	Functional components, Hooks, React Router, Context API, reusable components, forms, state management
UI / Styling	Flexbox, CSS Grid, responsive layouts, mobile-first design, accessibility, cross-browser compatibility
APIs & Data	REST APIs, JSON, Axios, Fetch API, API integration, form validation, asynchronous JavaScript
Tools	Git, GitHub, VS Code, Chrome DevTools, Postman, npm
Additional	Basic TypeScript, UI debugging, performance optimization, deployment, Agile/Scrum

PROFESSIONAL EXPERIENCE

Frontend Developer | WebCraft Technologies

Ahmedabad, India | Jan 2024 – Present

- Developed responsive web applications using React.js, JavaScript, HTML5, and CSS3 for desktop, tablet, and mobile users.
- Built reusable React components, common UI patterns, forms, navigation, modals, tables, filters, and dashboard interfaces.
- Integrated REST APIs using Axios/Fetch and handled loading, success, validation, and error states across the application.
- Implemented React Hooks, Context API, routing, client-side state handling, and reusable service functions.
- Improved page performance through component optimization, efficient rendering, asset optimization, and clean code practices.
- Worked closely with designers and backend developers to convert UI requirements and API specifications into functional interfaces.
- Used Git/GitHub for version control, pull requests, code reviews, branching, and collaborative development.
- Debugged cross-browser and responsive layout issues using Chrome DevTools and systematic frontend testing.

Junior Frontend Developer | PixelSoft Solutions

Remote | Jul 2023 – Dec 2023

- Created responsive pages and reusable UI components using HTML5, CSS3, JavaScript, and React.js.
- Converted design layouts into pixel-consistent, responsive frontend screens with mobile-first implementation.
- Integrated backend APIs and displayed dynamic data using React components and JSON responses.
- Implemented client-side form validation and user-friendly error messages for registration and business forms.
- Assisted in fixing UI bugs, browser compatibility issues, and frontend integration problems before releases.

SELECTED PROJECTS

Fintech Digital Payment Dashboard — React.js, JavaScript, CSS3, REST API

Developed a responsive fintech dashboard featuring transaction summaries, payment history, filters, responsive cards, navigation, and API-driven data. Implemented reusable components and responsive layouts for desktop and mobile screens.

Job Portal & Candidate Management UI — React.js, JavaScript, REST API

Built frontend screens for job listings, candidate profiles, search/filter functionality, application forms, and recruiter dashboards. Integrated REST APIs and implemented validation, loading states, and responsive UI.

E-Commerce Product Interface — React.js, CSS3, JavaScript

Created a responsive shopping interface with product cards, category filters, search, product details, cart interactions, and reusable UI components.

EDUCATION

Bachelor of Technology (B.Tech.) — Computer Science & Engineering

Gujarat Technological University | 2019 – 2023

CERTIFICATIONS

• React.js Development • JavaScript & Modern Web Development • Responsive Web Design • REST API Integration • Git & GitHub
